Your patronage of the APEC annual bird seed sale helps benefit the education and conservation programs for over 63,000 children and adults annually at Alley Pond Environmental Center. Please encourage friends and neighbors to consider placing their orders with APEC also.

The single best food to put in your feeder for wild birds is sunflower seed, especially black oil sunflower seed. Virtually all seed-eating birds like it. Remember to clean your feeders regularly to help keep the birds healthy.

Check off items you desire on the above form and mail in your order as soon as possible. Please be advised **NO EXTRA SEED will be stocked at APEC, so order what you need now.** If you fail to pick-up your seed you must call (718) 229-4000 to schedule a pick-up time. After that time, seeds will not be distributed without an appointment. Unclaimed bags of seed, whether paid or unpaid, will be sold on a first-come, first-served basis beginning November 14th. Our wetland rodents are quick to claim your bags if you do not!
All sales are for pick-up at APEC only. We do not deliver or ship our seed.
